# Cathedral Square Corporation

## 2018 - 2020 Strategic Plan

These five strategic areas represent Cathedral Square’s core business areas — operations, development and supportive services — and the growth potential in fundraising/marketing and innovations. They are interrelated, align with our mission, and build on our knowledge and expertise. They are consistent with our ideals of equity and affordability for housing and services for those with the greatest needs and the lowest incomes, as envisioned by the Cathedral Church of St. Paul in founding CSC.

### Our Mission: Advancing Healthy Homes, Caring Communities & Positive Aging

### Our Vision: Creating healthy and safe environments where all Vermonters, regardless of income, have access to affordable housing and the supports they need in order to age in place with dignity and grace.

<table>
<thead>
<tr>
<th>Statement of Direction</th>
<th>OPERATIONS</th>
<th>DEVELOPMENT</th>
<th>SASH</th>
<th>FUNDRAISING/MARKETING</th>
<th>INNOVATIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td>▶ Maintain a high-quality workforce comprised of people committed to our mission and continue to provide quality benefits and healthy reserves.</td>
<td>▶ Create or rehabilitate vibrant communities incorporating energy efficiency and innovative technologies while balancing cost and amenities.</td>
<td>▶ Build upon the SASH platform to expand services such as telehealth, reach more Vermonters, and grow nationally.</td>
<td>▶ Increase our name recognition and grow both the number of donors and the amount of charitable giving to CSC.</td>
<td>▶ Based on need, expand our services to include affordable residential dementia care, home-maintenance and food services.</td>
<td></td>
</tr>
</tbody>
</table>

### Challenges/Trends

- Declining workforce
- Increased reporting
- Rising health care costs
- Increased aging demographics
- Decreased development resources with increased demand
- More funding policy priorities you have to meet
- More and more funding sources needed to develop a property
- TA increasing, but doesn’t pay as much as development fees
- Mental health & dementia challenges more prevalent
- Competition for SASH-like models
- Declining workforce (esp Nurses)
- Lots of other worthy causes
- New communication channels - more social media
- Increased competition
- Aging demographics
- Technology advances
- More older Vermonters staying in their private homes
- Only way to get funding is to be innovative which adds pressure
- Limited seed money and staffing capacity

### Strengths

- “Best Places to Work” awards
- Highly skilled employees
- Healthy financial position
- 97% of residents surveyed would recommend CSC
- Near-perfect financial and compliance audits
- High REAC scores
- Commitment to maintaining high-quality properties and services
- There is increased demand for housing; waiting list almost 800
- In-house expertise
- Leader in energy-efficiency designs
- Aging demographics
- State of VT issued first housing bond with Bipartisan support
- There is growing awareness of connection between health and where people live, including the value of housing as a platform for health care
- National recognition
- Embedded in Vermont’s health-care system
- Proven positive results, documented by third party
- New staff position devoted to fundraising and marketing
- New online donor-management system
- 40th anniversary year provides special fundraising opportunities
- Federal funding uncertainties (will make some donors more aware of need to give)
- New program allows greater flexibility for development of assisted living
- Service areas meet identified needs
- No current competition
- Low to no survey findings in CSC assisted living
- Strong reputation of CSC

### Areas to strengthen

- Pay rates – increase to livable wage
- Grant writing
- Relationships with large funders
- Fully functional data system
- Understanding of SASH results –
- Data system for all contacts
- Strengthen mailing list and
- Staff and financial capacity
- Business modeling
